NEBRASKA POWER REVIEW BOARD

IN THE MATTER OF THE APPLICATION) Application for authority to construct or
OF,) acquire an electric transmission line(s)
) and/or related facilities.
Board of Public Works)
1600 O street) Application No.: PRB- 4069
Auburn, NE 68305)
) Applicant File No.: 4069
)

Auburn Board of Public Works applies to the Nebraska Power Review Board for an order authorizing it to construct or acquire an electric transmission line(s) and /or related facilities in Nemaha County, Nebraska, as set forth below.

(1) Description of proposed electric transmission line (s):

Items for description	Miles	Voltage	Phase
<u>overhead</u>	<u>7700 feet</u>	<u>7,200</u>	<u>single</u>
<u>underground</u>	<u>7000 feet</u>	<u>7,200</u>	<u>single</u>

(2) **Engineering Specification:** Applicant MAY attach to this application, as an exhibit, the following information if known:

- A. Type of System (Delta, Wye connected)
- B. Poles (Type, number per mile)
- C. Conductors (Size and Type)
- D. Insulators (Size and Type)
- E. Type of Construction (H-Frame, etc.)

(3) Purpose of construction and description of related facilities: Build approximately 7700' of overhead, and install approximately 7000' of underground line, 7,200 volt single phase, 1/0 wire with wooden poles and boring/trenching 2" duct.

(4) Name, address, and type of customers to be served:
Randy Christo chicken barns
637 av. and 720 rd also 3/8 of mlie east of 636 ave on 721 rd.

(5) Attached and designated, such as "Exhibit "A"" (if more than one exhibit, number the first "A-1", the second "A-2", etc.), are maps and other related exhibits showing location of proposed transmission lines and related facilities, and any other information deemed necessary or useful in the considerations of this application.

(6) Construction or acquisition of the proposed electric transmission facilities, electric transmission line, and/or related facilities is currently estimated to start on or about December 2025, and to be completed on or about June 2026.

(7) The estimated cost of construction is \$270,000.

Is there any financial contribution by the customer? Yes

If there is a financial contribution by the customer, how much was the contribution 70% of total price

Is this contribution included in the estimated construction cost? Yes

(8) The owners of electric generation facilities, electric transmission lines, and/or related facilities, and any other persons or organizations known to the applicant whom the applicant believes to be interested in the application are:

Omaha Public Power District

(9) Waivers and consents from the following are attached:

Omaha Public Power District

(10) Safety Standards. The design of the transmission line(s) as set out in the foregoing conforms to the standards set forth in the most recent edition of the National Electrical Safety Code.

(11) The proposed electric transmission line, and/or related facilities will serve the public convenience and necessity, and the applicant can most economically and feasibly supply the electric service resulting from the proposed construction or acquisition without unnecessary duplication of facilities or operations
